UPDATE: OPEN SPACE STRATEGIES REVIEW

Jamie Roberts spoke to a presentation and gave an update on the Open Space Strategy review. The review sets out the provision and management of Open Space in the Kāpiti Coast District for the next 20-50 years.

Natalia Repia arrived at 10.17am.

The review is being done because the current strategy is seven years old and there have been significant changes over that time. The Council also needs an updated strategy for the next Long Term Plan. Mr Roberts outlined the proposed partnership approach and that he would like to organise an initial workshop on the 22 March 2019. Mr Roberts then outlined the project approach to this review and also outlined the timelines around this.

The Chair spoke about land acquisitions through development and how this would be worked through especially looking at Māori owned land

It was agreed that the Chair, Chris Gerretzen and Natalia Repia would attend a hui at 10am on 22 March 2019 at Kāpiti Coast District Council. Mr Roberts would send out information prior to the meeting and also include a list of parks and open spaces in the Kapiti region.

Officers were working through the different options in regards to the numbers of machines and venues, having discussions with DIA about possible relocation options and looking at solutions for the Policy to be adopted by the Council.

Questions were asked about DIA's role versus the Council's role in adoption and implementation of these policies.

The Mayor and Cr Cootes provided an update that they had met with representatives from New Zealand Community Trust and were working with them to understand how gambling proceeds are granted back in to the community.

Submitters had raised concerns about the number of gaming machines in Ōtaki and Cr Cootes spoke about the limited options the Council could take to influence that. It was also noted that gambling harm can occur anywhere and it is important that our policies work to reduce gambling harm.

It was agreed that a Te Whakaminenga O Kāpiti representative would be invited to any future meetings with the Mayor and funding agencies.

DISCUSSION: FEEDBACK ON 2019 WAITANGI DAY COMMEMORATION

Ms Hakaraia invited feedback from members regarding the Waitangi Day event in February this year.

The Chief Executive left the meeting at 11.19am.

It was suggested that this could be done through Survey Monkey and a link could be emailed out to members and also be forwarded on to other interested parties. It was agreed that members would complete this survey by 5 April so it gives Council Officers time to compile and prepare a report for the next meeting.

The main points of the discussion were:

- Are there any additional questions that need to be included in the Waitangi Day survey?
- the cold weather played a big part in low numbers for this year's event;

- the bus tour was popular;
- looking at a venue for 2020;
- health and safety impacts that need to be considered with moving this event around and the option of keeping it in the same place every year.

The Chair provided an update that the Wananga will be hosting the 2019 Exhibition in May and it will be a great opportunity for people to see the exhibition that didn't get to the Waitangi Day event.
